Course: The race starts with a lap of the school field before entering Tiddenfoot Waterside Park and joining the canal towpath via the green bridge. You then head north on the towpath to Stoke Hammond with stunning views. The race turns right and climbs through beautiful countryside to Great Brickhill then passes through the scenic Stockgrove Country Park before following the Greensand Ridge back to the start via the canal towpath. There is a lap of Tiddenfoot Waterside Park before finishing in the paddock next to the school grounds. The race is predominantly off road and crosses three minor roads. You can access the route map from the website.

PLEASE BE AWARE...

1. The race involves the crossing of three roads. The crossing points will be marshaled but marshals are NOT able to stop the traffic. It is YOUR responsibility to cross safely.
2. The course is multi-terrain. This means there are bumps and lumps and stumps and branches and all the hazards of the countryside. You know that, that's why you are doing the race, but take care.

3. Please show consideration to other users of towpaths, public footpaths and rights of way. There may be walkers, cyclists or horse riders using the pathways.
4. Entrants are advised not to use MP3 players as they will not be able to hear instructions from marshals.
5. Runners have been requested by British Waterways to run in single file along the towpath unless overtaking as they are narrow in places. Please take particular care under bridges.
6. Don't fall in the canal otherwise you could catch Weils disease!
7. We recommend running shoes or trail shoes for this event. Spikes are NOT suitable!
